

Using Cyfluent's Personal Health Record (PHR)

Navigate Browser to the Cyfluent Patient Portal:

<https://www.cyfluentphr.com/DicksonDPM/>

default password for patients is the DOB (8 digits)

Logging into the patient portal:

1. If you already have an account, enter your email and password that you used when you created your account.
Note: your provider can provide or reset your password.

A screenshot of the patient portal's login form. It has a title "Log In" at the top. Below it are two input fields: "Email:" and "Password:". To the right of the password field is a "Log In" button. Below the input fields are two hyperlinks: "Create a new account?" and "Can't access your account?".

2. Click Log In
3. Click on each of the hyperlinks to edit your personal information.
4. Click OK to save your changes on each page you edit.

To view documents shared by your physician:

5. Click  (upper left)
6. Click 

A screenshot of the "Clinical Documents" section in the patient portal. The title "Clinical Documents" is at the top. Below it is a paragraph: "A list of files saved to this profile is shown. Click the button to the left of an entry to delete. Click the button to the right of an entry to save the file to disk." Below this is a table with one row. The first cell contains a red "X" icon. The second cell contains the text "IntakeForm_12/8/2014 15:08:40.xml" followed by "Intake Form Data for 12/8/2014 15:08:40 12/8/2014 9:08 AM". The third cell contains a document icon and a "Send Intake Form" button.

Available documents will display

7. Click  to download and view document
